Suits and Counter-Suits Fly Like Snowflakes Over Construction Delays at W. Windsor High

The West Windsor-Plainsboro Regional Board of Education has broken the news of a ten-month long legal dispute over the construction

of its new high school.

Law suits, which were filed beginning last February, involve the five prime contractors on the project, the architectural firm, several bonding companies and the Board of Education itself. The dispute grew out of a claim of monetary loss by one of the contractors due to alleged construction delays.

Construction of the school was begun in September 1971. Now in its second full year of operation with grades 7 through 11, the building is virtually complete with the exception of a number of corrective or punch-list items.

corrective or punch-list items.

The only major part of the project still under construction is the swimming pool, which is planned for completion late this winter. In addition, several of the outside athletic facilities have yet to be approved. The law suits now in progress are not expected to affect the final completion or approval of these remaining items.

75 is that the lirst half of January will be considerably colder than usual.

76 damages were made up of losses caused to the Board due to Molnar's own failure to maintain adequate progress on the job.

Further, the Board was required to hire staff and provide additional administrative services almost

attorney, the Board refrained from making public statements on the suits until this time in the hope that an early settlement might be reached among the parties. It was feared that extensive

publicity would have made such a settlement more difficult. For the record, the suits have been a matter of public knowledge since the time they were filed.

\$352,000 sought. The first action was taken on February 15, 1974, when Molnar Electrical Contractors, Inc., one of the prime contractors on the high school construction project, instituted suit against the School Buard seeking damages in the amount of

Molnar contended that the Board caused delays beyond the control of Molnar in that the Board inadequately and inefficiently supervised the other contractors on the project; that the Board and its representatives failed to properly coordinate the various phases of con-struction, and that said delays were contrary to the contract between the parties.

Within 20 days after the filing of this complaint, the Board filed an answer denying any liability or responsibility for the delays complained of by Molnar. The Board took the position that the delays were caused by the general contractor and the other prime contractors and contended that Molnar had failed to fulfill its own contractual responsibilities and had, in fact, been responsible for some of the delays it complained of

In addition, at the same time, the Board filed a counterclaim against Molnar requesting damages in the amount of \$235,937.29. These

The Gambler. James Caan gives one of the year's top performances in 'The Gambler,' a harrowing portrait of a compulsive gambler whose will to win

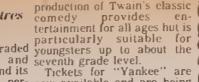

lands him in tragic straits.

Caan is a New York college
English professor whose selfdestructive drive to overcome absurd odds through sheer force of will has gotten him into \$44,000 in debt to the mob.

The film follows Caan through a variety of environments—his school, patriarchal family, the casual violence of underworld enforcers and his linkup with his young mistress (fashion model Lauren Hutton). There is an almost unbearable is an almost unbearable tension as Caan comes progressively closer to making one gamble too many. His irrational compulsion falls

little short of a death wish.

One of the most serious respiratory diseases is influenza, for it is able consistently to attack people of all ages, throughout the world. world. Incidence frequently is highest, interestingly enough, in young adults. Influenza is an example of a disease that has increased in virulence through the years, although since 1942, it seems to have lost some of its power. Influenza has periodically been epidemic in the United States. One of the most serious world wide outbreaks occurred in 1918-1919. Some twenty million cases of influenza were recorded in that year.

making the holidays festive for patients. She also noted that throughout the holiday period the volunteers continued their many services to patients and families in all three units of The Center.

However, more volunteers are needed-particularly to aid in rehabilitation activities at Merwick-throughout winter. Long after the decorations come down, the need for community involvement continues.

"Hospitalized people--especially those undergoing prolonged rchabilitation and recovery--really need the stimulation and enstimulation and encouragement of others." said Mrs. Livingston, "and the staff really needs their help in many of the programs. I sincerely hope that some of the holiday spirit will linger and that those people who have given so generously of themselves will be motivated to continue their involvement with The Medical Center." with The Medical Center."

NEW TERM NEARS

For Adult School. The new booklet describing the latest courses for the Princeton Adult School winter-spring term, starting February 4, will be in the mail to area residents by January to. It will offer such innovative courses as Siamese Silk courses as Siamese Silk Flowermaking, Jewelry in Mixed Media, How to Be a Smart Consumer of Medical Services, How to Make "Bread" (a woman's guide to work), and Too Good to Eat. The last two will be taught by long-time Princeton residents Ray Male and Lou Cicchini, respectively.

A full list of scheduled courses is being readied as the brochure goes to the printers, and this semester a number of five-week mini-courses will be offered in addition to the tenweek selections. In-person registration will be held on January 23 at Princeton High School, and individuals will be able to send registration hlanks by mail in the forms provided in the brochure.

Registration, as usual, will be made on a first-come, first-served basis. Last fall registration reached a record high, and board members hope that the varied program offered this session, plus the moderate prices will boost registration rosters. The Adult School is a public service, nonprofit institution.

Here's an amazing feetball fact...Did you know a player once kicked the unbelievable total of 17 field goals in, one game!...It hap-pened in a game between Montana State and Billings Paly in 1924...Frosty Peters of Montana State kicked 17 field goals in that game-a record that no one else has ever appreached.

Here's quite an oddity about college football's Southern Conference...The conference was founded many years age, and even though it's still in existence today, none of the original teams are in it anymore...Former members such as Maryland, Clemson, North Carolina, and Virginia are now in the Atlantic Coast Conference while other former members such as Alabama, Florida, Georgia, Kentocky, LSU, Mississippi and Tennessee are now in Southeastern Conference... Meantime, the Sauthern Can-ference taday is com-posed of Citadel, posed of Citadel,
Davidson, East
Carolina, Furman,
Richmond, VMI,
Appalachian St. and
William and Mary none of which were in at the beginning!

Who's the only heavyweight boxing of the world who never lost a fight? .The only undefeated heavyweight champ in history was Rocky Marciano.

Winter Looks Long with Tiger Quintet at .500 And Hockey Team Victor in Two of First Seven

Princeton's basketball and hockey teams concluded their December schedules last week hoping that their Christmas stockings would not be as barren as their search for victory provided at their last their search. for victory proved on their last

road trips.

The Tiger quintet lost its games in the South Carolina Dartmouth Classic at Columbia, and is Yale now flat out at 4-4 on the .500 mark which it must scramble to top this winter. The skaters were heaten twice by St. Louis University and are now no better than 2-5. This disappointing start makes it unlikely that they will improve over last year's 9-14-1 mark which had been considered, the cornerstone for sidered the cornerstone for long-awaited improvement in hackey fortunes here

The hasketball tournament saw the Orange and Black lose to South Carrlina on Friday, 65 to 48, and the following night to Duke, 66 to 57. The host team then picked up all the marbles, as expected, when it defeated Louisiana State in the championship game, 77-64, after the latter had ootgomed Duke Friday, 105-10-15

The reason: a miserable 28 percent shooting average in the second period (compared to the Blue Devils' 56 percent). and gnme-long inadequate rebounding. Had the Tigers done a better job off the boards, Coach Pete Carril maintained, their balf-time lead would have been 15 points instead of five, and victory would have been far more likely.Duke pulled down 37 rebounds to the 21 Princeton

The Orange and Black had given evidence in the first half of winning a big one (it has never beaten Duke in 10 tries). as it moved out to a 26-17 lead, Hill was outstanding in the opening round, collecting 16 points and leading a floor shooting performance that was pegged at 52 percent.

Almost as soon as action resumed, however, the chill that has often overtaken Princeton in the second half began to be visible. Hill's field goal in the opening minute were the last points he scored on the night, and in the first 16 minutes of play, the Tigers were 6 of 21 from the floor.

That was all the en-couragement Duke needed, as its rally regained the lead and then salted the decision away. A brief Princeton flurry led by Mickey Steurer cut the vic-tors' margin to 61-57 with 90

Only Barnes Haoptfuhrer could join Hill in double figures, but both of them fouled out in the closing minates. Haoptfuhrer hit on two field goals but was closed five field goals but was closed out at the foul line.

Getting no more than one shot, and that not always a good one, when it came down court, the Tiger quintet saw Coach Frank McGuire's team outscore it, 16 to 4, in the next five minutes.

Armond Hill spent a good part of the final half on the bench with four personals and bench with four personals and contributed only six points during the evening—jost two of them represented by a field goal. PHS MATMEN BEATEN

County Tournament Last year the High School Saturday. Saturday. Last year the Princeton High School wrestling team was 8-0 among county foes. This season, PHS has lost heavily through graduation and is inexperienced but coach Tom Murray doesn't expect to get an accurate reading of his team until Saturday annual's Mercer County tournament, in spite of two lopsided opening losses.

Friday at North Numberday

losses.
Friday at North Nunterdon, the Little Tigers were wiped out, 65-0. "They have one of the better teams I've ever seen them have," commented Murray about the perennial Hunterdon wrestling power. "We were totally out of our class."

Two days earlier, in its opening dual meet of the season, PHS was clobbered again, this time by visiting Woodrow Wilson, 54-8. PHS suffered almost the identical fate in its opening two matches last year, yet managed to rebound to post one of its best records ever. Because the opening routs were not unexpected, Murray is eager to see how his team can 10 see how his team can perform against competition of an equal level. He will take a full team to Hamilton High where the county tournament will be held this year.

Preliminary matches will start at 10 in the morning. The semi-finals will be at 2 and the

semi-finals will be at 2 and the championship and consolation matches at 7.

"We'll have some winners," predicted Murray. Princeton's best bets are Fred Eiker, 158-pounder, Dave Robinson in the 108-pound class and veteran Tom Severson.

Against the overpowering Hunterdon Lions, the closest PHS came to averting a shutout occurred when Eiker battled his opponent to a draw at the end of regulation time, but lost the match on riding time.

Sal Arcaro, up from the jayvees and wrestling in his first varsity match in the 148pound class, was pinned but not before he had District Champion Leon McGourty on his back and was awarded three points. "With a little bit of luck, he could have won," said Murray. "He'll come along" said Murray.

Against Woodrow Wilson, Eiker was the only winner for PHS, pinning his man in 1:03 of the third period. Dave Robinson, who did not wrestle against Hunterdon, battled his opponent to a 9-9 draw. Murray said that Robinson, a top performer on the team last , had lost strength from

year, had lost strength from shedding too much weight.
Senior Nohman El-Meligi lost a close 2-1 decision in the 141-pound class. "He has total inexperience," said Murray. "A little more mat savvy and he would have won. He has confidence that he can beat anybody. He's going to win a lot on sheer determination". Murray also reported that two freshmen, Dave Wilson, 122-pounder, and Bobby Ellis, 101-pounder, both showed a lot

PHS QUINTET WINS
tdle Until January 7. The
Princeton High School baskelball team used its speed and quickness and the shooting of Shawn Craig and Daryl Marshall to defeat Hightstown, 55-51, last week for its first victory of the season. The win left coach Mary Trotman's Little Tigers with a 1-1 record with a 1-1 record.

Now the one thing PHS will have to guard against is rustiness. For the first time in a long time, PHS will not participate in a Christmas tournament-there are 17 holiday tournaments in the area--and as a consequence the Blue and White will not take to the court again until January 7, when it will oppose Notre Dame at 8 on the Irish's

Before the start of the season, Trotman said that his team would run "if we can."

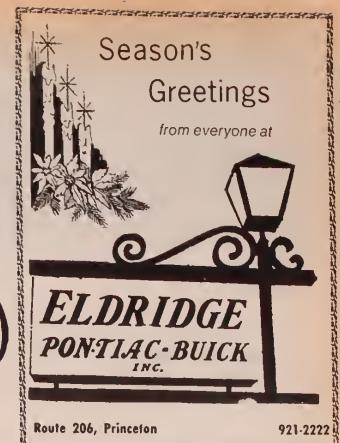

MOVED UP: Sophomore Sal Arcaro wrestled in his first varsity match against North Hunterdon Friday having after been promoted from the jayvee squad by coach Tom Murray. He'll compete in the 141-pound class.

Trotman felt PHS could run against Hightstown. It could and did.
